Anytime Dining

- Every Resident Dining Plan includes unlimited access to campus dining halls.
- Come in to any dining hall, any time we’re open, any number of times a day, and enjoy any thing we’re serving.
- That’s it; anywhere, anytime, with any frequency, anything – there’s no fine print!
Dining Hall Access

• Anytime Dining Members enter the dining halls using touchless biometric technology; they enroll in the system during Orientation or during move-in.

• Any number of times per day—unlimited entry to the dining hall any time we are open.

• Dine in – encourages community building and student interaction.
Students in traditional residence halls have four plan options:

- Premium
- Preferred
- Base

Concerned that you might not have the right plan?

Changes are allowed for the first month of the semester!

Why would I want Dining Dollars?

To change things up:
Sure, the dining halls serve a huge variety of great food but sometimes you want a change of pace!

• On campus, Chick fil-A, Subway, Sbarro, Auntie Anne’s, and Taco Bell accept Dining Dollars.
• Get snacks for your room - or shampoo, or a spiral notebook from a campus c-shop.
• Enjoy fresh sushi or Starbucks from a cafe near your class.
IS THERE AN ADVANTAGE TO DINING DOLLARS?

Yes – of course there is!

• When you buy Dining Dollars you always get a discount.
• When you use Dining Dollars you never pay tax.
• Dining Dollars go on your Student Account and can be included in your Terp Payment Plan.

More Food for Thought…

• Each dining hall has over a dozen food stations—try something different. We serve healthful entrées, vegetables, fruit, and sides all day long.

• When you are in evening classes, you may want to make lunch your main meal of the day.

• Ask for the Manager on Duty if you have a question. The best way to have your concern addressed is to speak up immediately!

• Fall Welcome: Dining plans for New-to-Housing students provide access during Fall Welcome (Thursday, August 24, 11:00 am to Saturday August 26, 10:00 am – when all Dining Plans are activated).
