# FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

---

Student records kept by the university are private—this includes grade reports, transcripts, finances, counseling, health, and student conduct records. Therefore, we cannot discuss the contents of records with any third party without permission from the student.

Students can waive their right to privacy and grant limited access to any parent or guardian to view the student's **current class schedule, final grades, and student account balance** information.

Complete details and instructions are available at [registrar.umd.edu/parents/](https://registrar.umd.edu/parents/)

In the normal course of events,  
there is no problem that can arise  
at UMD that a student can't solve  
using the many resources available  
to them here.
